

# Pre-Op Cardiac Risk Stratification for Non Cardiac Surgery

**Date:**

19 March 2022,  
Saturday

**Time:**

2pm – 3pm

**Platform:**

Microsoft Teams

**Programme:**

2:00pm – 2:45pm: **Pre-Op Cardiac Risk Stratification for Non Cardiac Surgery**  
Dr Lee Kok Keong Raymond,  
Consultant Cardiologist  
Novena Heart Centre, Mount Alvernia Hospital

2:45pm – 3:00pm: **Q&A**

**Dr Raymond Lee**

**Presentation Outline:**

Major surgery may trigger an adverse cardiovascular (CV) event (AMI, heart failure, arrhythmia, sudden death) in patients with underlying CV disease. Peri operative CV risk is determined by the type of surgery and also patient factors. Pre op CV risk stratification includes clinical risk assessment supplemented where appropriate by cardiac investigations.

Detection of underlying CV disease would allow the patient's cardiac condition to be optimized prior to surgery and hence minimize the risk of subsequent peri and post-op CV events.

**REGISTER**

1. To register, please submit your registration details [here](#) by 17 March 2022.  
You may also use the QR code provided to register.

2. For enquiries, please call Medical Affairs at 6347 6780 or email to [medical.affairs@mtalvernia.sg](mailto:medical.affairs@mtalvernia.sg)
