Prices are effective from 1 January 2026. Prices include prevailing GST, and are subject to change without prior notice.

Important points to note:

Maternity Packages

1. Package prices cover hospital charges and daily treatment fee for nursing services, and exclude doctors' professional fees. Please consult your doctor directly regarding their fees.
2. Packages commence on the day of admission.
3. Packages are based on normal delivery procedures and commonly required items used by doctors only.
4. Additional charges may apply in the event of complications or extended lengths of stay, including extra room charges, medications, medical supplies, and/or procedures beyond the package.
5. Unused items in the package (including vaccinations) are non-refundable.

Adult Companion

6. Accommodation and meals (breakfast, lunch, and dinner) for one adult companion are included in all packages and will commence upon admission to the maternity ward.

Baby

7. Essential immunisations are included BCG, Vitamin K, and the first dose of Hepatitis B.
8. Blood tests are done to screen for G6PD deficiency, TSH levels, and blood group.
9. Optional tests not included in the package: hearing test, metabolic screening, and bilirubin test.

Mother

10. Accommodation and meals during the hospital stay are included. (3D2N for normal delivery and 4D3N for Caesarean section)
11. Use of the delivery suite or operating theatre is included, where applicable.
12. A toiletry pouch with basic essentials will be provided, including shampoo, shower gel, body lotion, toothbrush, toothpaste, comb, shower cap, and face towel.

Inpatient Lactation Visit

13. Inpatient lactation visit excludes Sunday and public holidays.
